## Introducing the Cohort Starter Package

**You asked, we listened.** In response to requests from organizations wanting the benefits of the most comprehensive Project Management solution for international NGO's, we are pleased to introduce the Cohort Starter Package. With a lower cost of introducing Cohort into your organization, now is the time to get the best tools to keep your projects focused, efficient and successful.

### Standard and Enterprise Starter Packages

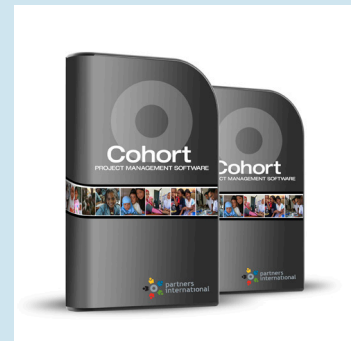

Cohort comes in two different editions, to provide the functionality to meet your organization needs at a price that matches your budget.

	Standard	Enterprise
Base Package (includes 5 user licenses)	\$36,000	\$84,000
Cohort Mobile (optional module)	\$6,000	\$10,000
Annual Software Assurance	18%	18%

### Full feature rich solutions

Project Management	Contact Management	Agreement Management
Results Management	Work Plan Management	Document Management
Budget Management*	Fund Management*	Opportunity Management*
Ad Hoc Query & Reporting	Mobile**	

\* Not included in Standard edition \*\* Optional module
